"Christianity Is Fun"  
Exploding the myth that Christianity is boring**

**Ice Breaker: Fun means different things to different people. What comes to mind when you think of fun?**

- Read John 2:1-11
- Jesus' first miracle was performed at a wedding feast; a really a big party! Plus, it was Jesus' mother who came a gently twisted His arm about the wine running out. What does that tell you about God's view of enjoying life?
- Read Exodus 23:14. Why does God want His people to set aside time to "celebrate"? What happens when we don't?
- Kevin talked about being afraid that becoming a Christian would mean that it would steal his fun. Is Christianity supposed to be boring? Why do you think people get that impression?
- What's the difference between celebrating and being out of control? Jesus was accused of being a drunk and a glutton. Do you think some in the "church" (not CrossPoint but the whole church) judge other believers if they have a good time? What's wrong with that?
- How can healthy spiritual discipline actually benefit our times of celebration?

**Pray for each other to receive the fire of God.**
